Delivering the NDIS in your community

NDIS Plan Review Workshop

It's time to start thinking about your first NDIS plan and how it worked for you, the progress you made towards your goals and developing new goals for your next plan.

This workshop will help you get ready for your Plan Review meeting by:

- Discussing your achievements from your last plan
- Thinking about your life now and how supports in your next plan will help you meet your new goals
- Completing a getting ready checklist so you know what to be thinking about and information to bring to your Plan Review meeting

This workshop is designed for participants approaching a Plan Review. Providers can attend only if they are accompanying a participant to assist them at the session.

Times and locations are listed on the back of this flyer.
